DJ APPLICATION

New DJs – 2024

This is an application to become a KWUR DJ, which entails a semester-long training process. Don't be nervous about filling this out, it's just so we can get to know you better & have all your information in one place. Training will include familiarization with KWUR and FCC policy, technical instruction for operating equipment, and guaranteed fun social events. After training is done, you will be able to host a weekly show in the spring semester and onwards.

To contact KWUR with any questions, get in touch with Grace and Grace (the training directors) by emailing *training@kwur.com* or stopping by the station. We are located on the 3rd floor of the DUC, deep within the Harvey Media Suite. Return this application to the station in the folder by the door or email it back to us. The sooner you can get it in, the better. Applications close on Wednesday, February 14th.
